

# I'm worried about Dad

Even though I'm worried about Dad going on deployment, I'm still a great kid  
Even though I've heard bad things about the place he's going, I know I'm a great kid  
Even though I'm really scared and worried about Daddy, I'm a super awesome kid

I'm really worried about Dad going on deployment  
I've heard all kinds of bad things about the place where he's going  
I know it's not a good place to be  
I know it is sometimes dangerous  
I'm really worried about dad going  
What if something bad happens  
It makes me want to cry  
I'm so worried about Dad

I want to be over all these scared, worried feelings about Dad

I'm worried Dad might get hurt or worse  
I'm scared he might get hurt or worse  
I'm really scared and I don't know what to do with these feelings  
I've heard really bad things about this place  
And I'm so scared on the inside  
I'm scared and worried on the inside  
That the place Dad is going is not a good place  
And that it's dangerous and some people get hurt

I want to be completely, 100% over all these worried and scared feelings

I'm very worried and scared  
I'm worried and scared  
I've heard some bad things about it  
And it worries and scares me  
I want dad to be okay  
Because he's my Dad  
I want Dad to be okay  
I hope Dad is safe on deployment

Somehow I will be completely, 100% over all these worried and scared feelings

Lots of people have been deployed to the same place Dad's going  
And I've heard some bad things  
Well, I've heard one bad thing  
I've had lots of scared and worried feeling because of one bad thing I heard  
I know that hundred and hundreds of soldiers have been there  
And I heard one bad thing  
I guess it's true that Dad can be okay  
Dad is going on deployment and I'm going to be okay
